

## RIVER CLEAN-UP

The EMFLT will sponsor their bi-annual river clean-up on **Friday, June 10, 2011**. The main goal of this project is to educate the volunteers on how quickly trash accumulates in the river and for the volunteers to see and understand the effects of littering. Hopefully, by having a close-up view of the pollution, the volunteers will become a crusader among their peer groups to promote a cleaner environment.

Another goal is to pick up the litter that has ended up in the water way through irresponsible use of the river. Picking up the litter in the river is just a small part of the event because picking up trash for one day can only do so much. By promoting the clean-up, the community will realize the importance of keeping Mississippi clean.

After the clean-up, Boyette's Fish Camp will provide a delicious meal for the volunteers who helped with the event.

If you are interested in volunteering, please e-mail [emf.landtrust@yahoo.com](mailto:emf.landtrust@yahoo.com). There is limited space due to the number of canoes available, so do not wait until the last minute to volunteer!

## MEET THE SUMMER INTERN

EMFLT has an intern for the summer! Brianna Adkins is a senior at the University of Mississippi majoring in Mechanical Engineering. She is from Meridian, Mississippi and graduated from Meridian High School in 2008. Brianna will be working with us for 8 weeks during the summer thanks to a generous gift from the Riley Foundation's 2011 Summer Work Program.
